

70. An open-ended cushion knee or elbow sleeve with optional fabric covering and with optional thinning of interior cushioning material at one or both ends.

71. A sleeve member for enclosing an amputation stump comprising a see-through window within said sleeve member.

72. The combination of an open-ended knee or elbow sleeve and a sleeve member for enclosing an amputation stump.

73. A tube sock-shaped covering for enclosing an amputation stump coated on only the inside thereof with a foamed or non-foamed non-porous polymeric material, said covering comprising optional docking means on the outside thereof.

74. A covering for enclosing an amputation stump comprising docking means at the distal end thereof.--

---

SUPPORT FOR AMENDMENTS

The new claims are supported throughout the specification and by the several figures. Note especially the description at page 10 and previous Claim 21. No new matter has been entered.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
